Mr. Haddad:

Per previous discussions between you and Rob Parker regarding the need to provide supplemental material to the site's local information repository, the EPA has enclosed a Compact Disk (CD) containing the following site records for public review. They include the:

Please add these records to the Smurfit-Stone Mill Information Repository. If reviewers have questions about the additional information, they may contact Rob Parker at 303-312-6664, or me at 303-312-6484.
